Fine Art Album

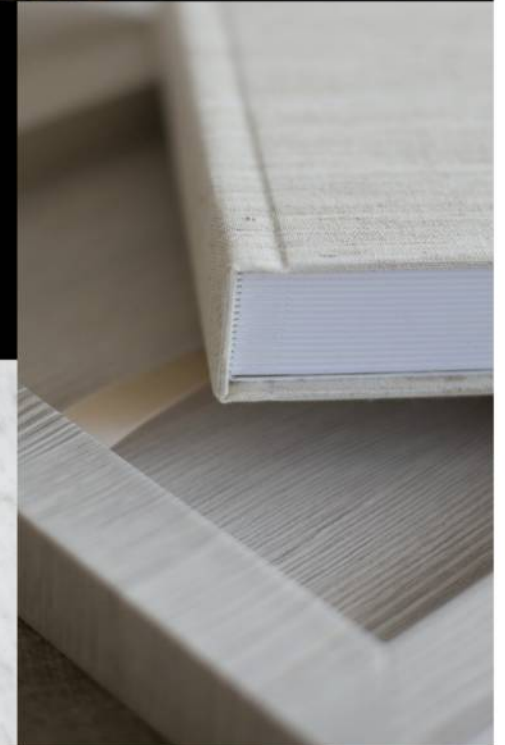

Fresh and up to date, the Fine Art Book perfectly captures the fine balance between timeless craftsmanship and the interpretation of a desire for a minimalist presentation that focusses on the images.

It answers the call for a product different from formal, classic and sumptuous books, allowing you to choose a simple and contemporary product instead, ideal for those who love a combination of modern aesthetics and practicality.

The Fine Art Book comes with 30 pages included in the initial price.

Unmounted Print Enlargements & 9-Ups

Giclée printing (for Fine Art) has a style and finesse that sets it apart completely from C-Type (Which is what high street labs use). The look and feel of the finished prints from the Fine Art Printers we use, are widely recognised as the very best in the industry.

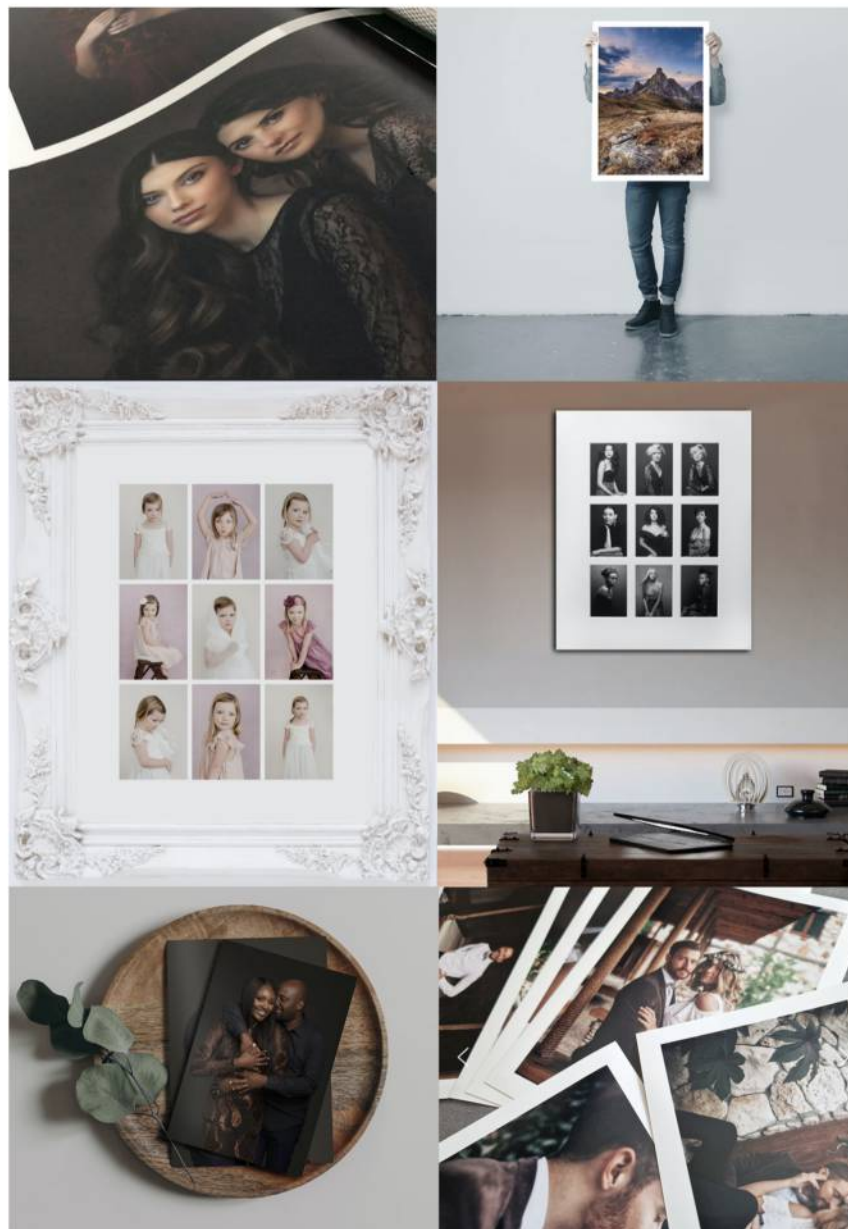

For all enlargements we use Omega Rag, a 100% cotton rag paper with an enhanced whiter 310gsm base.

This acid-free, smooth matt paper upholds the appearance of high-key detail and colours to an exceptional standard. It has a high colour gamut

Standard Wrap Canvasses

Beautiful Giclee canvas prints are hand stretched and folded around a wooden frame. Tension pegs are added in each corner and as a result the canvas does not sag over time.

Once printed, the professional canvas wrap is sealed with either a specialist Giclee varnish or a protective laminate and stretched around a wooden frame.

Both the varnish and laminate finishes makes the canvas splash-proof and eliminates the cracking of the ink down the edge of the canvas print. In addition, both options provide extra UV

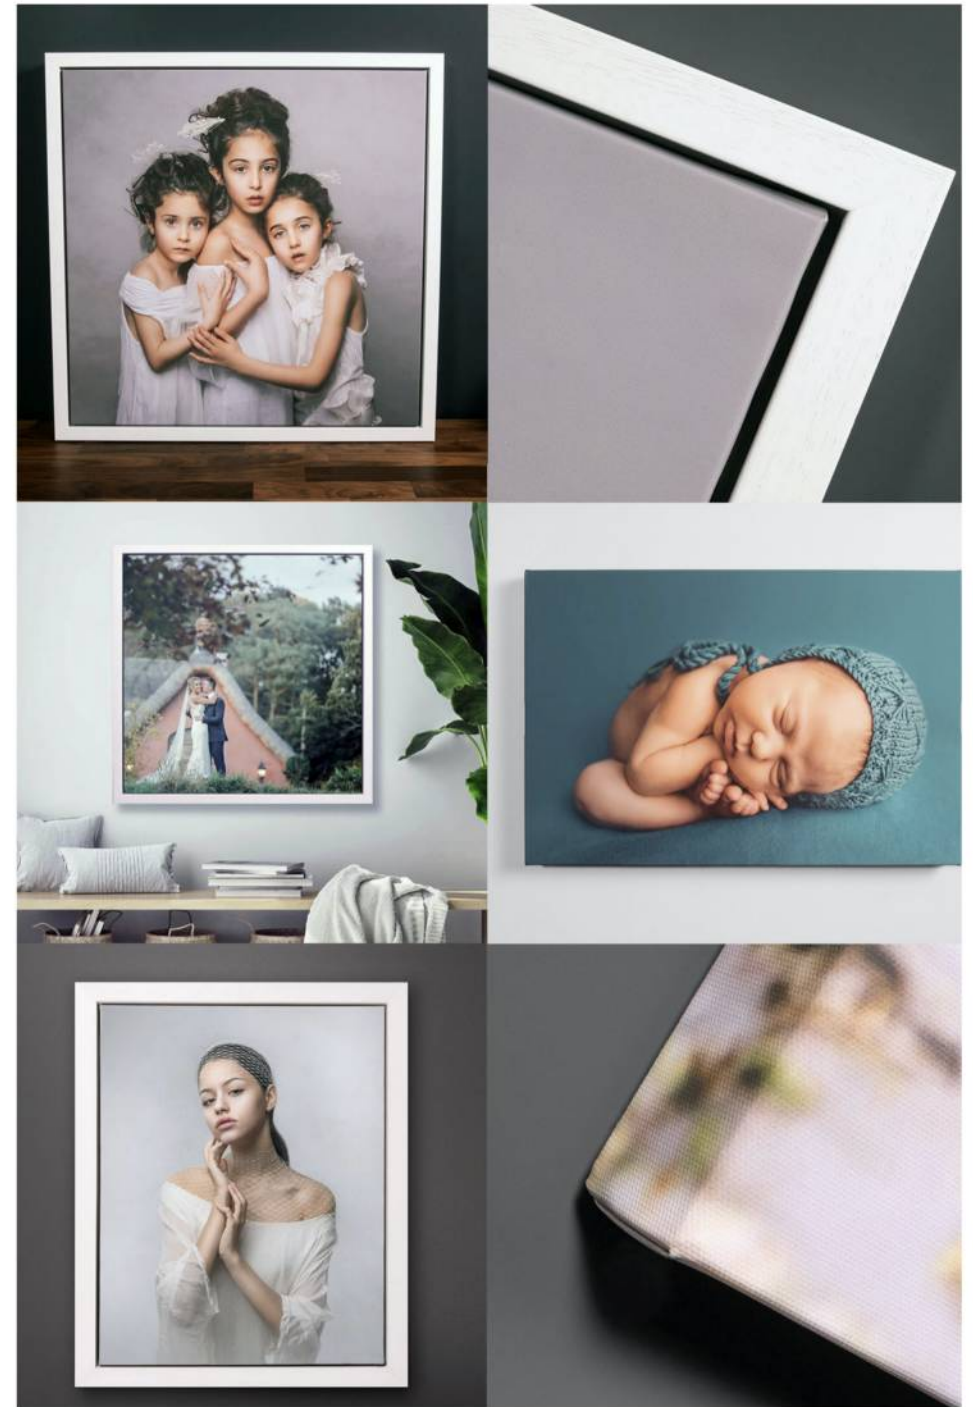

Standard Tray Frame Canvasses

Our gorgeous Canvas Tray Frame is left open without glass with a Standard Wrap Canvas sitting flush with the front of the solid wood frame for a beautifully minimalist feel.

A shadow gap is left between the inside edge of the Tray Frame and the side of the canvas creating a more dramatic version of the negative space provided by a traditional mount.

Impact Tray Frame Canvasses

When you need maximum impact for your image. These ultra-chunky mouldings are deeper and wider than any other in the range. Available in 3 colour options.

PORTRAITS & NEWBORNS

Canvas Tray Frame Options

Both the standard Canvas Tray Frames and the thicker Impact Tray Frames come in several colour options shown opposite.
